W.A.A. SPREAD TONIGHT

J.C. Women Dance, Dine And Dive In Annual Festivity

Walbridge In Charge
Entertainment Headed By Swimming, Music And Banquet

Presenting its annual celebration, the Hockey Spread, the Women's Athletic Association will be host this afternoon and tonight to all members of the organization for a full evening of entertainment, including a swim in the plunge, banquet and dance in the gymnasium.

Miss Katherine Walbridge, president of the W. A. A. is in charge of the affair and with her committees, has planned a most comprehensive and entertaining program which starts at 4:30 p. m. and continues for five or six hours. The "Spread" will start with a swim and other water sports in the pool, it was announced by Miss Walbridge.

After the swim, the guests will gather for a banquet which will be followed by an informal dance. Committee heads suggest that this will be a good place to perfect dance steps without the usual critical eyes of experts. An unannounced program will occupy a prominent place during the evening.

The long anticipated event will culminate the hockey season, in which the freshmen won the interclass title with two victories over the upperclassmen. Baseball will now occupy the attention of the jaycee co-eds.

Trophy Case For College Planned

To prevent poster stealing and to provide a place for several trophies in the Santa Ana junior college, the Executive Board, at the regular meeting Monday afternoon, decided to install a trophy case in the main hall.

The alarming rate at which display posters are disappearing necessitated the action of locking them up. The football championship trophy will also occupy a prominent place in the case.

A school tradition that no student shall wear high school monograms, jewelry or insignia was discussed at some length with the board taking action to determine student sentiment and attempt to enforce the college custom. The Lettermen's club was reported heartily in favor of prohibiting the wearing of monograms and offered to enforce this rule.

An informal dance will be held Thursday night in Andrews gymnasium with the proceeds going to the Student Loan Fund, it was decided by the board. Regular dances of this type will not be held. A nominal admission of 15c will be charged for the dance, which will last from 7:00 to 10 p. m.

Another important topic of discussion was how the school should recognize recently elected members of Phi Theta Kappa, the first chapter of the national honorary society to be established in any California junior college. A report is to be made at the next meeting on the feasibility of presenting the members official pins.

Bachelors Pledge 10 Men Students

Ten junior college men were declared eligible for pledgeship in the Brotherhood of Bachelors at a meeting of that organization Monday evening in the home of Rod Smiley, 703 W. Washington. Invitations were presented to the prospective pledges Tuesday morning.

The ten are now prominent in the affairs of the school and are expected to become the leaders of the college next year.

All prospective members are first considered, voted on by the blackball system, must serve a term of pledgeship, and are again voted on before they may become brother bachelors.

Grand Exalted Ernest Stump announced that rules pertaining to absence from meetings are to be stringently enforced in the future. Three consecutive absences from regular meetings result in expulsion from the club according to the constitution. Absences may be excused only by presenting the Grand Exalted with a written excuse before the meeting.

Longfellows Meet Today In Room 11

For the purpose of voting on a social function or trip to be held in the near future, the Santa Ana junior college Society of Longfellows will hold a meeting today at 3 p. m. in room 11, it was stated by John "Sky" Dunlap, president.

Several suggestions have been made for the Longfellows to choose from and a discussion will be held on that matter. By taking a prize in the recent Mardi Gras parade, the "six-footers" have some surplus money. Other important business pertaining to a national charter, membership and acceptance of athletic challenges will be brought up at the meeting.

The club was restricted to 20 members at the last meeting and a successful semester is predicted.

Y. M. C. A. To Hear Fundamentalist

Harry Rimer, noted fundamentalist, will be the speaker at the Y. M. C. A. meeting next Monday. His topic will be "Anti-evolution".

Santa Ana is very fortunate in being able to secure this man as he is very much in demand all over Southern California because he is one of the most eloquent and persuasive speakers in the country today. Every member of the Y. M. C. A. is urged to be there.

Active committees of the organization this semester are the constitutional committee composed of Bill Reinhardt, chairman, Cardwell Oglesby and Owen Lampman; the nominating committee consisting in Abbot Mason, chairman, George Warner and Bill Hewitt; and the discussion committee consisting of Eldon Bragg, chairman, Cardwell Oglesby, Calvin Stillwell and Bob Williams.

There will be discussions held every Monday and Wednesday afternoon at three o'clock in the "Y" room. The first will be today with Eldon Bragg as leader on the general topic "The War System". They will be very similar to the discussions held the first part of last semester and will be well worth attending.

O. K. Club "Drag" At San Clemente Club, March 28

Plans for the O. K. Drag were discussed at the regular O. K. Club meeting held Wednesday night of last week at the home of Helen Mayes, 1314 Orange Avenue. All committee chairmen read written reports, and final arrangements were completed.

The history of the club was related by Kirby Todd, who stated that in the year of 1928 a group of students met to form a club for all students living away from home. The purpose of the club was to be social. Mr. Fisk and Mrs. Northcross, co-founders of the organization, have been instrumental in bringing the 'orphans' together and establishing a friendly attitude among the members. Maurice Guyer was elected first president. A resume of this year's activities was given, a Halloween party and hayrack ride; several card parties, one at San Juan Capistrano and an assembly form the activities of the club up to this time.

After the business meeting the remainder of the evening was spent in cards. Arthur Beddoes won high honors and Kirby Todd, low.

Members present were Helen Mayes, Hazel Guilbert, Jean Giller, Eleanor Randall, Eunice Hanson, Helen King, Ray Glesener, Eldon Hermes, Art Beddoes, Nevin Hoy, Kirby Todd, Ernest Stump, Leonard McIntosh, Norman Wood, Virgil Purvis, Abbott Mason and Katherine Harwood, a new member.

Plan "Y" Retreat At Newport Beach

"Religious Problems of the College Man" will be the topic for discussion at the "Y. M." retreat to be held in Newport Beach, March 22 and 23.

Lawson Watkins, president of the organization, has secured the use of the Methodist parsonage for the conference.

Rev. Perry F. Schrock of the First Congregational church of Santa Ana will lead the discussion Saturday. On Sunday afternoon, Rev. Moffet Rhodes of the Spurgeon Memorial church of Santa Ana will take charge of a similar discussion.

Three meals will be served the group at the nominal charge of one dollar. Cardwell Oglesby has been appointed to handle the finances.

Y. M. C. A. Sends Letter To Hoover

Over 100 members of the Santa Ana junior college Y. M. C. A. signed petitions advocating the entrance of the United States into the World Court and commending the London Naval conferences which have been mailed to President Herbert Hoover, Senator Samuel Shortridge and Senator Hiram Johnson.

Santa Ana junior college has the distinction of being the first educational institution to send such a petition. Signers advocate entrance into the World Court and feel at liberty to be in sympathy with the steps toward the reduction of arms as advocated at the London Naval conference.

Members of the Y. M. C. A. are looking forward to a personal reply from President Hoover; a document to be highly prized. It is probable that the letter written by this group will be printed in the next issues of the National Intercollegiate magazine, official Y. M. C. A. publication, and in the Pacific Southwestern magazine.

Lions Hold Meet For Lady Friends

Dining and dancing in the Blue room at Ketter's Monday evening furnished entertainment for the Junior Lions when they had as guests their lady friends. Decorations significant of St. Patrick's Day added to the attractiveness of the room.

Everett Idlor, well known Don musician, played several piano selections.

A clever skit was put on by Raymond Glesener and Nelson Conway, as part of their initiation.

Delmer Brown, president, reported on the student center, and stated that work has been started at the woodshop on an old English billboard to be erected in the center.

Those present were John Wykes, Margaret Gaeb, Stewart McPherson, Shirley Marble, John Keeier, Helen Bower, Leslie McDonald, Julia Thorndike, Truscott Lindsey, Helen Baker, Ed Meador, Elsiebell Hurd, Delmer Brown, Lorena Woods, Nelson Conway, Jane Crawford, Raymond Glesener, Hazel Guilbert, Abbot Mason, and Dorothy Harman.

Make Plans For Student Center

That the student center on the north east corner of the campus will be completed inside of two weeks was promised today by Delmer Brown, president of the Junior Lions, who are sponsoring the campus project.

Present plans call for a very beautiful center with six graveled walks leading into it from all sides. In the center will be an old English bulletin board, eight feet high and five feet wide. It will be constructed of burnt oak which will soon weather and look very old. An old English roof will be built over the board to protect it from the elements. Work on this part of the plan is being done in the high school woodshop.

Around under the trees, 20 cement benches will be constructed. A drinking fountain will be installed in the center. Except for the rain, all this work would have been completed, it was stated by Brown.

The actual work is in charge of the gardeners of the school while hired labor will be used for the cement and other work. The Lions will also do some of the work.

Between the paths, shrubs and plants will be planted and with the whole spot surrounded by spreading trees, the student center should be the most popular spot on the campus.

Press Club Plans Social And Tour

Plans for a pot-luck supper to be held in the "Y" hut on Wednesday evening, April 9 were formulated last Friday at a special meeting of the Press club.

Herman Hoch, president of the organization, presided and appointed committees to start work on the April social. Frances Brown was appointed chairman of the entertainment committee and refreshments will be in charge of Mary Elizabeth Smith and Nellie Sackett.

Members plan a tour of the Long Beach Sun office within the next few weeks. Last semester the group were shown through the Los Angeles Times office, still other tours are being contemplated.

Pasadena Editor Sent To New York Meeting

Harold Weight, editor-in-chief of the Pasadena junior college Chronicle, had the unique and enjoyable experience of going as a delegate to the Columbia National Press Convention in New York, which was held March 13, 14 and 15. Mr. Weight made an extensive tour of the east before and after the convention and will be gone about three weeks. He had the pleasure of visiting many scenic and historical spots, including Niagara Falls, Chicago, Harvard University, Boston, Washington D. C., New Orleans and the University of Maryland.

Informal Dance Will Be Staged In Gym Thursday

With proceeds going to the Student Loan Fund, the Santa Ana junior college will hold an informal dance in Andrew's gymnasium tomorrow night at 7:30 p. m.

A nominal admission price of 15c will be levied to increase the student contribution to the Loan Fund, it was announced by Ada Marie Hendrickson, social commissioner. Music will be furnished with an orthophonic phonograph through the courtesy of the Turner Radio company of Santa Ana.

A similar dance was held several weeks ago with great success and the Executive Board decided to duplicate the affair tomorrow.

Dickson, Beeman Lead Convention

Miss Lillian Dickson, head librarian and L. L. Beeman, head of the history department of the Santa Ana junior college, will be in charge of their respective discussion groups at the meeting of faculty members of Southern California junior colleges to be held at San Bernardino on April 5, it was learned here today.

In the morning sessions, each department meets and Miss Dickson and Mr. Beeman are in charge of the librarians and social science groups, respectively. Many members of the college teaching staff are expected to attend both the morning and afternoon meetings. The entire convention will convene together in the afternoon to discuss some important topics in college curricula.

Faculty Fetes Honor Society

Honor society members are anticipating the approaching annual banquet which will be given them by members of the faculty.

The Santa Ana custom of going to the Mission Inn of Riverside has created much favorable comment in other colleges.

This banquet is another Don tradition. April 29 or 30 have been set aside as tentative dates from which to choose; members of the faculty will choose the most convenient date of the two listed.

Voted the greatest social event on society's calendar, the banquet is expected to be attended by nearly 50 persons.

Don And Algot In Contest With Many Papers And Books

S. A. Paper Offers Cup
Dunlap, Mansur, Asa And Hoch Represent Santa Ana

Four delegates from the Santa Ana junior college will leave Friday morning for Sacramento to attend the spring convention of the California Junior College Press Association on Saturday, March 22 at the Sacramento junior college.

John "Sky" Dunlap, editor of the Don, Herman Hoch, managing editor, Oran Asa, sports editor and Frank Mansur, business manager of the Algot, will represent the local publications at the northern meet. The trip will be made by motor bus in conjunction with several other Southern California junior colleges, including Long Beach, which is arranging the accommodations. he bus will start from Santa Ana at 6 a. m. Friday and then go to Long Beach.

The headquarters of the convention will be at the Senator hotel. The conclave will be an all day affair with prominent speakers and round table discussions featured on the program. Several social events are also programmed.

The Don sent in entries to be judged for the best front page make-up, best news story, best editorial, best sports page makeup and best sports story. The Don is also donating a silver loving cup to be presented for the best sports page makeup. The sport entries were suggested at the last convention in Long Beach by Santa Ana with the result that Long Beach donated a cup for the best sports story and Santa Ana for the best makeup.

The return trip will be made Sunday. Several other schools are going by boat and train but it is believed that a majority are going in automobiles and busses.

Noted Scientist Lectures Today

Sir John Arthur Thompson, the most noted English scientist of today, spoke in assembly in the auditorium at 1 o'clock this afternoon. Sir Thompson is at present giving a series of lectures at the University of California at Los Angeles.

Sir Arthur, author of the "Outline of Science", is accredited the distinction of being the only man to write a scientific work of this kind. He has written many other volumes treating scientific subjects. His teaching and lecturing experience has been wide and varied.

In their book announcement Scribner's said, "This author brings a wealth of curious information gathered from extensive travel and immense research, to illustrate the ever-growing wonder of nature and the mysteries of animated life. He reveals the infinite variety of breadwinning, the fierce battle for existence, the never-ending drama of birth, life and death which goes on about us. It is by one of the greatest scientists of the day, but written for the layman."

The center section of seats was reserved for the junior college students and faculty.

Berkeley Tryouts Held at Chaffey

CONFERENCE MEET LAST
SATURDAY CALLED OFF
BECAUSE OF DOWNPOURDon Trackmen Have Missed
Two Meets Because Of
Heavy Rains

April 26 has been set as the date for the Southern California junior college conference meet. Because of the rain, this meet had to be postponed. It was originally set for last Saturday, on the Chaffey J. C. oval.

The dual meet championship between the winner of the two divisions was set for April 26, but this has been cancelled in favor of the postponed conference meet, in which all 13 of the junior colleges will participate.

This rain has somewhat upset the plans of the conference moguls, because the first and probably second place winners were to be awarded a trip to Berkeley on March 22, but as the rain interfered with the plans, it was decided to hold tryouts on Tuesday, which was yesterday, in order to pick the team of 25. (The results of these tryouts will be found elsewhere on this page).

The Chaffey track, which is one that usually will stand up under a rainfall, became so soaked with the continued downpour all day Friday that late Friday night, the officials at the Ontario school began notifying the various colleges that it would be impossible to stage the meet.

Coach Bill Cook has not, outside of the interclass meet, had a chance to see his team in competition, and as a result only has a vague idea of the strength of his dual team. The next scheduled dual meet is for March 29, with the Citrus junior college.

This is the second meet that has been postponed for the Santa Ana Dons. The first conference dual meet with Chaffey was set for March 8, but due to a muddy track, this meet also had to be put off until a later date. The date for this meet has not been definitely set.

Women Drop Tennis
Match To Compton

In spite of threatening clouds, the girls of Santa Ana jaycee tennis team met Compton junior college in a practice tennis tournament, losing 5 to 1.

Corinne Nelson, playing fourth singles was the only Dona to win her match.

Because of insufficient practice and of weather conditions, the squad has been rather weak and this showed up in nearly all of the matches. The Compton squad defeated Santa Ana last year.

More practice games are in view which are to be played before the next Playday, which is to take place sometime in May.

The results of the matches:

First singles—Esther Brown (C) defeated Mary Ford (SA) 6-1, 6-3.

Second singles—Rosalind Phillips (C) defeated Ruth Fitz (SA) 6-1, 6-2.

Third singles—Ethel Turner (C) defeated Eleanor Metzgar (SA) 6-2, 6-1.

Fourth singles—Corinne Nelson (SA) defeated Ann Donaldson (C) 6-4, 6-1.

First doubles—Dorothy Nickols and Allie Dibenon (C) defeated Frances Larrabee and Audrey Teel (SA) 8-6, 6-0.

Second doubles—Ruth Janquelim and Margarite Cunningham (C) defeated Helen Krone and Betty Wiswall (SA) 6-1, 6-1.

Swimming Team To
Be Formed In
S. A. Jaycee

Coach Bill Cook recently stated that if enough would turn out, Santa Ana jaycee would enter a swimming team in the regular 1930 conference schedule.

Last year the Dons entered a swim team, but unfortunately all of the 1929 team have graduated, or left school. Blanchard Beatty who is now at U. S. C., was last year's swim star. He excelled in the fancy diving.

The events of a swimming meet are the 50 yard dash, 100 yard dash, 220 yard dash, 10 foot high dive, 3 foot spring board dive, and the two relays, the 4 man 100 yard, and medley relay.

Cook is anxious to organize such a team this year, but he will not be able to spend his full time on the coaching of it, until the present track season is almost over.

Conference Golf
Card Announced

Manager, Fred Humiston, of the Santa Ana jaycee golf team has received the conference golf schedule. Nine of the thirteen jaycees in Southern California have entered teams.

The local golfers have already had one practice match, with the Long Beach Vikings, which they dropped by the score of 4 to 1. Most of the home matches will be held on the fairways of the Santa Ana country club, on the Newport boulevard.

A team made of Van Pomeroy, Stewart McPherson, Leslie McDonald, Ben Peterson and Lawrence Walbridge, will probably take on the Santa Ana high school this Saturday.

Freshmen Women
Win Class Series

Hockey season closed last Wednesday night with the freshmen as interclass champions. The underclassmen annexed both of the first two games, while the third game that was scheduled for Friday was called off because of rain.

The lower classmen completely overwhelmed their more learned rivals, by walking off with the game by the score of 6 to 1. The freshmen won the first game, about two weeks ago, by a score of 3 to 1.

The line-ups:

Freshmen (6)	Sophomores (1)
Herr RW	Staples
Lee RIF	Arnold
McKinstry CF	Harman
Hurd LIF	K. Spicer
Hendricks LW	(c) Westover
Walton RH	McDonald
Early CH	Compton
Teel LH	Woods
Gardner FRF	Steward
Whisler LF	I. Spicer
Parsons (c) GK	Larrabee

SWIMMING

It all depends upon the students, whether the Santa Ana junior college will have a swimming team this year. Coach Bill Cook signified his willingness to coach such a team. There is plenty of material in the school.

At present only a few have signified their desire to form a team. Surely Santa Ana J. C. won't fall down here. All you have to do is to let Coach Cook know that you are intending to turn out for the water sport, and begin training immediately.

RAIN REIGNS

Old Jupe Pluvius certainly reigned last Saturday. Among other things, he stopped all track, baseball, tennis, golf, and hockey activities. The all-conference meet at Chaffey, the baseball game between the jaycee and the high school, the third of the two-out of three series of hockey games between the frosh and soph girls, and the golf practice, were the sport activities that old Jupe put a stop to.

As for the track meet, it may be for the best that the meet was called off. March 15 is too early for such a meet anyway. April 23 is more like it. It is impossible for any coach to have his team in A1 shape so early in the season. The only bad feature of it was that the officials were forced to hold the try-outs yesterday in order to pick a team to represent the conference at Berkeley, but it was easily settled. So everyone is happy!

Long Beach Critic Disagrees

Art Cohen, noted Long Beach sport columnist, does not agree with any of the recent all-conference basketball teams picked so far. He picks Piper of Los Angeles, and Voorhees of Long Beach at forwards, Finch of Los Angeles at center, and Mobley of Long Beach and Harden of Pasadena at guards.

Compton Man May Go East

Compton jaycee is planning on sending George Jefferson, star Tar-tar pole-vaulter, back to the national championships in the east. If anybody in the jaycee conference deserves such an honor, it certainly is Jefferson. He has already vaulted 13 feet 3 inches this year, and by the end of the present track season, he will undoubtedly be clearing 13 feet 6 inches with regularity. In the A. A. U. relays the other day, he vaulted 13 feet, with a muddy runway. Not bad at all.

Delay Won't On Santa
Ana Football Stadium

Latest reports are to the effect that the football stadium, which was originally scheduled to be built by the city of Santa Ana in time for the 1930 football season will not be built until 1931.

The Santa Ana city council claim that it can save a great deal, if it waits another year and use the dirt which will be taken from the excavation for the stadium for use in straightening out West Fourth street west of Artesia street.

The council claim that the stadium excavation costs will be prohibitive unless the two jobs are combined.

Jaycee Ball Team
Defeats Garden
Grove High

Coach Clyde Cook's Santa Ana junior college baseball team opened their season on the local field yesterday afternoon with a 16 to 5 victory over the Garden Grove high school team. The game only went five innings; it was called on account of darkness.

Coach Cook used three pitchers during the game. Orville Schuchardt started on the mound, was relieved by Leonard Natland, and in the fifth Elmer Whisler took over the hurling duties. None of the three pitchers showed up extra well, but they showed promise of developing.

Claire Scott, with three hits, and Schuchardt with two hits, one a homer, led the Don batters. Schuchardt's homer came in the second inning, with two on base.

TOM DONAHUE, JAYCEE
MILER PLACES ON ALL
STAR CONFERENCE TEAMJ. C. Women Start
Baseball Monday

Baseball for J. C. Dons will be the dominant interest for the remainder of the sport year, after Monday, March 24.

Jean Anderson, manager, is anxious that more girls sign up so as to make this year the most successful possible.

Last year there was much difficulty on account of the shortage of the number of players who reported and Mrs. Foote hopes that many will answer the call this year.

It makes no difference whether you have played before or not, you will soon learn and will find a place on the team. If you come out and report regularly you will go to the big Play Day which is to be held in May at Pasadena and make friends with girls from other Junior Colleges in Southern California.

Those who have reported are sophomores: McDonald, Staples, Harman, Larrabee, Compton, Westover, Haskell, Thomas, K. Spicer, Arnold, Steward; freshmen: Hurd, Anderson, Olsen, Lee, Masin, Herr, Earley, Hendricks, Teel, Whisler, Samuelson, Jimenez, Marshall and Frick.

New Handball Court
Is Built By School

Because of the increasing demand for the handball court, Walter L. Scott, director of athletics, has secured permission to build an additional court.

Work on the new handball court began the first part of the week. It is to be adjacent to the other one, which is situated at the east side of Andrews gymnasium.

Many of the jaycee students and faculty have become interested in this sport.

Local Distance Man Goes
To Berkeley Saturday
For Track Meet

Tom Donahue, star Santa Ana jaycee miler, will be among the 25 track athletes that are to go to Berkeley this Saturday. Tom's running mate in the four-lap event will be Wally Minch of Compton.

Art Jacques, Don high jumper, nearly got to make the trip, being nosed out in a jumpoff after he had tied for second place.

Trehan in the 100 and 220, Christman in the 440, Gardner in the 880, Moody in the high jump, Beatty in the broad jump, and Gilman in the high hurdles will be representatives from Glendale. Long Beach will send Barnes for the sprints, Ballou for the broad jump, Forbes in the weights, and Hayden in the 440.

Placzek in the 440, Sorrensen in the weights, Ashcraft in the 220 mile, and Ellwitz in the low hurdles, will represent Los Angeles at the meet. Fullerton jaycee sends Delby in the sprints, and Massey in the 880.

Minch in the mile, Bateman in the discus, Von Brayman in the javelin, Crawford in the high hurdles and Jefferson in the pole vault will go from Compton J. C. Pasadena sends Abersold for the two mile, Riverside sends Wood for the 440, and Ferguson for the broad jump.

J. C. Quartets Perform Over Radio

Pilots Raise Bulgarian Fund In Airplane Race

Members of the Santa Ana junior college Y. W. C. A. have just completed a very successful drive to raise money for students in Bulgaria who are in dire need.

Leaders in the contest, Lavinia Compton, Katherine Spicer, Frances Brown, Joanna Day and Elsiebell Hurd, played the parts of pilots and conducted the drive in the form of a two-day airplane race.

Because of conditions in Bulgaria as a result of the World War, students are losing their scholastic standings due to impaired health and lack of financial assistance. Through the investigations of the International Student Service organization, members of the local association felt it their duty to raise the quota of \$50 to aid the cause.

Raising within a few cents of the specified amount, the race under the efficient management of Grace Haskell, ended with pilot Joanna Day in the lead; close behind came pilot Lavinia Compton. Leaders and subscribers were furnished with clever little airplanes to signify that they were supporting the drive.

Frances Harper, Y. W. president, wishes to thank students for their hearty co-operation.

Bertolet Home Scene Of Russian Meeting

Carol Bertolet, president of the Russian club stated today that a social meeting would be held at his home at 609 1-2 North Ross street, this

Fremont Girls Entertain Group

Six small señoritas from the Fremont school were featured on the program of the Cervantes club which held a pot-luck dinner in the "Y" hut last Wednesday evening. These girls sang three Spanish numbers all of which are very popular in this country.

Continuing the Spanish program, Louis Romoff played "Spanish Dance" a violin solo, with Marjorie Walton at the piano. Harvey Anderson gave an interesting talk on his travels in South America. After this interesting program several games were played.

During the short business meeting, Leroy Arnold was elected to take Ed Connor's place as club reporter.

Betty Maloney was chairman of the program committee and Lillian McDonald was head of the refreshment committee.

Members enjoying the pot-luck supper were Miss Mary Swass, adviser, Mickey Jimenez, Agnes McKinstry, Betty Maloney, Mary Louise Wallace, Mary Ford, Grace Haskell, Erich Reinau, Helen Hendricks, Ida Spicer, Mildred Staples, Lillian McDonald, Marjorie Walton, Leroy Arnold, Harvey Anderson, Louis Romoff and Don Park.

Don Speakers Plan Post Season Debates

Debaters of the Santa Ana junior college are busy getting their talks ready for the special debates scheduled with the San Diego State teachers college and the Whittier college on the question resolved "That the expansion of the chain store system is detrimental to the best interests of the American people."

According to U. Grant B. Meyer, debate coach, the squad is contemplating a debate with the University of Southern California. Dual debates will be staged on the chain store system and the question of Mexican immigration may also be discussed.

evening at 7:30.

Several Russians journeyed to Corona Del Mar last Sunday afternoon and participated in surf board riding. As the sea was rough there

Music Department Presents Numbers Over Santa Ana Register Broadcast

"Voices of the Dons" will be heard on the wave lengths of KREG, the radio broadcasting station of the Santa Ana Register, it was announced today by Miss Myrtle Martin, head of the junior college and high school music departments. Both the women's and men's quartets will appear each Thursday and Sunday evening. The exact hour has not been stated but it is believed that the singers will appear at six o'clock in conjunction with E. M. Nealley, who is delivering a series of lectures on philosophy.

Miss Martin stated that each quartet would appear in different programs on the two nights. The groups will appear together in mixed quartet numbers.

Members of the women's quartet

are Katherine Kirvin, Frances Harper, Audrey Schmid and Nada Hill. The men's quartet is composed of Siemon Toelle, baritone; Virgil Purvis, bass; Marquise Hare, first tenor and James Lukens, second tenor. The mixed quartet members are Katherine Kirvin, Nada Hill, Virgil Purvis and James Lukens. Miss Mary Batten, member of the music department, is the accompanist.

Monday evening the men's quartet appeared in a program before the 20-30 club of Anaheim in the Elk's club house.

The schedule for the two junior college quartets shows that the students will be kept busy in filling their listed engagements.

"Show Shop" Date Set By Phillips

Fiesta day, May 16, has been selected for the presentation of "The Show Shop", the annual junior college play.

This four act comedy by James Forbes has never been produced on the Pacific coast, however, the dramatics department of the University of Southern California plans to present it in the near future; so "The Show Shop" will receive its west coast premiere in the Santa Ana J. C. or the U. S. C. production.

Local rehearsals are progressing rapidly under the direction of Mrs. L. L. Beeman, who is a community player and wife of L. L. Beeman, head of the social science department of the Santa Ana junior college. The selection of an exceptionally large cast is nearing completion. Bob Squier and Dick Lusk are the latest additions.

E. C. Phillips will take charge of "The Show Shop" on completion of the current community production. With a talented cast and new stage equipment he expects to offer a production with a finish seldom found on the amateur stage.

were no record distances made. The club members are developing into proficient performers who expect to enter contests to be held this summer at Balboa.

Tavern Tatlers To Make Booklet

India, its background and literature, is the topic to be discussed by the Tavern Tatlers in their next meeting on Tuesday, March 25. The Tatlers will meet in the junior college library at 7:30 o'clock.

Mary Louise Wallace will initiate the discussion by telling the history and customs of India. She will speak of conditions that brought about the various literary tendencies.

Mary Ford continuing the discussion, will talk exclusively on India's literature.

During the short business session new names will be brought up for membership and voted upon.

At the last meeting, which featured Dorothy Harman's talk on Africa, the Tavern Tatlers decided to keep a scrap book. In this book all the original contributions of the members given at initiation time will be kept. The book is to be made by Virginia Thomas, vice-president of the club.

Artists To Visit Pottery Section

Members of Alpha Rho Tau, an organization of art students, plan to go in a body to the pottery department of the Fullerton junior college where they will be conducted through the building.

Mr. Lukens, head of the department, will show the students the various processes in pottery making. Especial attention will be given the kiln, oven for baking the pottery, and the wheel upon which the forms are moulded.

The date of this educational tour has not been definitely decided; but the tentative date of March 21 is being considered. Various points of interest to art students will be visited by the group later in the season.

Caries

Decay of bones and teeth

Eat what you need. You need calcium now or dental services later. Even teeth of adults require calcium continually.

Calcium is plentiful in fruits, vegetables and milk. There is more lime in milk than in lime water.

Dr. Emerson said:

"After a comprehensive study over a wide field of observations, we find that a quart of milk a day is food economy and wise nutrition."

Hurwitz Offers Oratory Awards

Several students of the Santa Ana junior college have entered an oratorical contest which is being sponsored by Sam Hurwitz, local clothier, located at 212 E. 4th street. Mr. Hurwitz offers prizes of \$10 and \$5 each for the two best speeches on the reasons why the citizens of Santa Ana should vote for the school bonds which will support the Frances E. Willard junior high school.

Members of the junior college public speaking class are working on these talks as regular assignments, according to U. Grant B. Meyer, for-ensic coach.

Students of the high school are entering the contest designed by Mr. Hurwitz for that division for which he has posted similar prizes. Time limits for the talks have been definitely set at five or six minutes.

Entries close on March 23. Students who are interested may gain additional information by consulting Mr. Meyer in room 15.

Initiation Held By Beta Gamma

Initiation of new members formed the important business of the Beta Gamma society Tuesday evening at Ketner's, according to Virginia Thomas, president of the organization.

Initiation took the form of speeches by the pledges, who were Clara Kate Owens, who spoke on "My Ideal Leading Man"; Vernon Valentine, speaking on, "Should Beta Gamma be a 'Highbrow' Organization?" Mildred Staples, whose topic was, "The Beta Gamma's Opportunities;" and Eric Twist, speaking on, "The Greatest Drawback to Our Civilization."

Plans were made for a social to be held soon, but it was not made known as to what the nature of the social was to be.

Various freshman students were considered for election to membership.

The next meeting will be held at the Orient cafe, Tuesday, April 22, at which time final plans will be made for the annual Alumni banquet.

Women To Choose Cabinet Members

Election of officers for the Y. W. C. A. will be held on April 28, so that the new cabinet may attend the spring conference which will be held at the University of California at Los Angeles, May 9-10. Classes for each chairman of the committees are held in order to give her new ideas for the following year.

Tentative plans have been made for the next "Y" retreat which will probably be held May 23-24. Louise Ward has been appointed general chairman and as yet, has not decided on any definite place of the retreat. The beach and the mountains are now under consideration as the scene of the gathering.

Herman: "Name a collective noun."
Henry: "Landlord."

Alice: "Did your watch stop when you dropped it on the floor?"
Audrey: "Of course; did you think it would go through?"

Honor. Society Elect Officers, Selects Program

Educational lectures were voted as the type of entertainment requested by members of the honor society of the Santa Ana junior college at their future monthly meetings.

Election of officers occupied the bigger share of the business meeting of the group held last week. Dorothy Harman was re-elected president of the society, Lavinia Compton was named secretary-treasurer. Votes of those present ruled that a vice-president was not necessary.

Miss Lella Watson, head of the language department, read the list of honor students who made the new honor society, Phi Theta Kappa, a society formed several years ago by Phi Beta Kappa. Those named by Miss Watson, sponsor of the society, were Eunice Bragg, Florence Caverly, Thomas Clark, Lavinia Compton, Crystal Cosner, Mary Ford, Dorothy Harman, James Hodgman, Phyllis Jamison, Owen Lampman, Robert Lowry, Helen Mayes, Manfred Mueller, Corinne Nelson, Goldie Peale, Evelyn Rogers, Isabelle Siracusa, Mary Elizabeth Smith, Virginia Thomas, Mary Louise Wallace, Kenneth Warren, Lawson Watkins and Clayton Wilson.

Students Offered Cash Prizes For Writings

Students who are of a literary inclination are offered lucrative prizes by the Current Literature magazine which is sponsoring a national contest with a total of \$1000 in cash awards. The winning contributions are to be published at the end of the school year in a book entitled "Literary Leaves by Tomorrow's Writers".

Rules for the contest are as follows: Students under 21 years of age are eligible. Each contribution must bear name of school, name, age, grade and address, also name of teachers. The information must also state that the manuscript is original and not copied. All manuscripts must be submitted through a teacher before June 15, 1930. No contributions will be returned. The judges are men of national note in educational and literary fields. Manuscripts should be addressed to Contest Editor, Current Literature, 40 S. Third street, Columbus, Ohio.

Students Hear Opera Written By Mozart

"Don Giovanni", Mozart's famous opera, which was recently given in the Shrine Auditorium of Los Angeles, was attended by several members of the Santa Ana junior college German club.

Reveries of Spain's legendary hero, Don Juan, were brought back to life once more by the opera stars of the German Grand Opera company, which is considered the greatest singing ensemble of Germany.

Those who attended were Florence Brownridge, Catherine Cosner, Ruth Bowman, Marie McGinnis, Rebecca Neddermeyer, Miss Lella Watson, faculty adviser of the club, Nevin Hoy and Kenneth Warren.

Drop in Once in a While for a "Hello!"

You know, our other name is "Junior College Book Store," and we have been so closely associated with students and school since Junior College started that our store has always been a sort of downtown rendezvous for students. We like to have you around! Even if you come in just to ornament the store for a little while. Of course, you could force us to take your money for anything you want, but we'll be pleased if you just say "Hello" on your way up and down!

Sticky Fingers

Why some students, supposedly highly educated and above the normal degree of mentality, should stoop so low as to actually steal school property is beyond comprehension. Yet the deplorable fact still exists, that of pilfering display posters from the bulletin boards and halls.

Hours of effort and much expense are put in on these works of art, yet no sooner is a sign posted, some sneak, thief, moron—call him what you will—picks it up and carts it home to adorn the walls of his room. Such things are commonly associated with high school but not colleges.

The matter has become so glaring that the Executive Board is forced to purchase a special case to be placed in the main hall so that the posters may be kept under lock and key. Worthwhile functions of the school must be advertised and the poster is one of the best mediums to achieve this end. Why deprive other students of the opportunity to enjoy these signs for the mere pleasure of having "one more sign" in your room?

The reputation of the school is at stake. Think. Stealing a sign is as much of a crime as pilfering a cash registering or robbing a bank. Act your age! You're in college, now, not grammar school! Conduct yourself accordingly.

Sky Liners

By "Sky" Dunlap

YOUR HOME TOWN

Have you a "home town" school that you used to attend? Drop around the Don office and see if we or the high school paper exchanges with that school. If not, we'll be glad to try and get you copies of the school paper and give you an idea of what is going on. We have a mailing list of over 100 and possibly your paper is in it. It won't hurt you to see.

FIESTA DAY

Remember May 16! Fiesta Day. To every old student, Fiesta Day means a great deal, one of the best traditions of the college. On that day, when students and faculty all dress like the old Spanish Dons and Donas, a real spirit of fellowship is established. After you hear a talk by John Steven McGroarty, author of the Mission Play, witness the annual college play in the evening, meet seniors from Orange county, high schools visiting on this occasion, have some fun watching a bull fight or other amusement offered during assembly hour, read the special issue of the Don and enjoy yourself in general, you can long remember Fiesta Day as one of the best in your college career.

TROPHY CASE

TO THE RESCUE! HELP WANTED! Be it known that the Executive Board is looking for a small trophy case to house the several loving cups around the school, especially the newly received large football trophy which goes with the football championship. Has anyone a small cupboard, medicine cabinet or glass case which would tide over the emergency until a real trophy case can be constructed? Condition, paint or source is negligible just so something is found. And that football trophy is worth looking at, too. Has a large

silver football on a pedestal with the names Riverside, Pasadena, San Bernardino, and Santa Ana engraved on it in the above chronological order. But please help find something to put it in and make the poor cup, all alone in a strange place, feel right at home in the hacienda of the Dons.

TRACK OR SWIMMING

No, the Santa Ana river did not break over its banks and roll down the track over the week end, it is only the result of the heavy rains. A casual observer would think that local students had instituted a new course in long distance swimming but such is not the case. Year after year, the cycle is repeated. The track is graded and it rains. Then after the water dries off, the track is graded again and it rains once more infinitum. Would it not be cheaper to build a roof around the track or perhaps put in a pumping system?

PRESS CONVENTION

Well the writer, and a few scriveners will take a holiday over the week-end and board a Motor Transit special for Sacramento and the California junior college press convention. The track team, debaters and everyone else gets trips, so why not the journalists? Anyway, we will have our fling and then settle down again in the depths of ink, copy, proof sheets and typewriters. Ho hum.

ARCADES

Of course, everything can not come at once and Rome wasn't built in 24 hours but why not campaign for arcades out to the "Y" Hut to the gym and print shop? The present arcades are very nice but during these spasmodic showers, some substantial covering would be mighty handy. It would add very much to the looks of the campus as well as performing a real need.

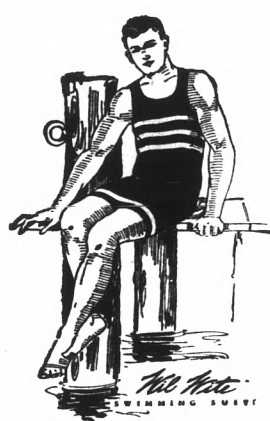

Tragedy

It looked like a Firechiefs convention at Chaffey last Saturday when athletes from the conference, donned in slickers, met for a gabfest on weather conditions. Coaches were sending S. O. S.'s for their swimming teams to save the day from a complete wash-out. Customers were shouting for rain checks, although a water polo team could have saved the gate receipts.

Wet timing plates and soaked spark plugs afforded the best athletic work-outs on roads leading to the track conclave. No one was hot about a meet on such a wet occasion. Boisterous recommendations were made to schedule swimming meets ahead of track meets on the sport calendar.

Several "mud-tracksters" from the valley wanted to go through with the meet, but the majority answered with an emphatic "no". Thoughts of huge laundry bills vetoed any enthusiasm for a meet. It was generally agreed that mud baths were not needed for beauty improvements.

While Pluvius continues to splash to new records, iron spiked shoes hang high and trained muscles wilt into softness.

Mode

"Men of the Don institution will wear black and red striped silk shorts and shirts this summer on the beaches" was the prediction of Maurice Besota, Parisienne fashion expert, who conducted the assembly program recently. He based his assertion on the report he heard about the swimming team of the junior college.

He also forecasts that there will be many collegians wearing gaudy pajamas to eliminate furious rays of the sun penetrating the vertebrae region. Foot bathing he indicated would be extremely popular. He predicted no actual swimming for the males on beach parties this year.

"SIX DONAS TAKE LIFE SAVING TESTS", a recent article appearing in the Don which assured the male swimming amateurs safety. Especially if any of these talented young ladies were in their beach parties.

Three collegians were found floating on their backs towards the shallow end of the pool, recently. Their class schedules were four hours behind when they landed. Being completely exhausted, bicycle pumps were used for artificial respiration. The student body hearing this donated \$4.98 for one dozen water wings to develop prospects of aquatic inclinations.

Easy

A boy in a West Hollywood primary grade was asked to write a sentence using the words "analyze" and "anatomy." He wrote:

"My analyze over the ocean
My analyze over the sea
O who will go over the ocean
And bring back my anatomy?"

PERSONALS

Billie Churchill is a graduate of the Okmulgee high school, Oklahoma, where she was graduated in 1927. Billie is a sister of Tom Churchill the Oklahoma University star athlete.

Kenneth Eastman graduated in Powell, Wyoming, but he is at present a member of the junior college student body.

Harry Lake attended Occidental for a while, but is now a junior college student.

Vernon Shauppner is a graduate of the Anaheim high school who registered here this February.

Charlotte Muller graduated from the Fullerton high school in '26 and she has been working up to her entrance in junior college this semester.

May Stillwell is a graduate of the Astoria high school in Oregon; she attended Fullerton junior college last year and is now a student in the Santa Ana junior college.

Julia Thorndike was a special student in junior college last semester, and is now a regular student preceding her graduation from the Santa Ana high school in February.

Thomas Cone is a graduate of the Santa Ana high school who is now attending junior college. He has received notice as an important member of the track team.

James Lukens transferred to the high school here after several semesters in the Fresno high school; he is at present attending junior college.

Dick Lusk is a graduate of the Anaheim high school who has attended junior college previously and has returned this semester.

Paul Stuyvesant is a sophomore who has returned to junior college after a semester's absence.

James Thomson is a graduate of the Greeley high school, Colorado, where he was a star athlete. He is now attending junior college.

Margaret Waggoner is a special student in junior college who is also doing secretarial work for the science department of the high school, as she is Miss Meta Daniel's secretary.

Thomas Donahue is another graduate of the Santa Ana high school; he showed his school spirit by going out for track as soon as he had registered.

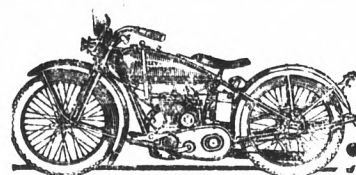

Helen Ban left junior college during the last semester on account of serious illness, but has returned this February to continue her education.

Julia Bingham is a red head who lives in Laguna; she attended junior college last year and is returning this February after a semester's absence.

Mollie Carroll graduated from Tustin last June and she has joined the junior college because of her numerous friends here.

Lehman Gerken has registered in junior college after having been a student for three years in Santa Ana high school.

Anna Reeves is a blond co-ed who graduated from the San Diego high school in '29; she resides in Tustin and attends junior college here.

PARKING

Most likely everyone has noticed the rapidity with which parking spaces in front of the junior college building become filled at about 7:45 each morning.

Early birds—come before the grand rush and get quite a choice of angles of campus scenery as viewed from the street. Another consideration is given to the pairs of parallel orange lines between which to repose. Well-painted stripes and technically parallel lines give one's car added dignity.

Less fortunate Dons and Donas—referring to those who could not arrange 8 o'clock classes—have little to choose from when they motor in for a 10:40 class. Spaces near the science building may be secured—otherwise a drastic hunt is necessitated.

Folding cars have been suggested—and a logical thought it was. Imagine the minutes of wonder and anxiety that would be eliminated if it were possible for one to fold up his vehicle and deposit it in some handy nook in the main building.

This, too, would aid instructors in that fewer tardinesses would have to be recorded.

ON WITH -

The moon was divine. Not a cloud disfigured the heavens. They were sitting in the moonlight, dreaming. Not a word did they speak, nor did they so wish. 'Twould have spoiled the thought, 'twould have broken dreams.

Looking west but a few hundred feet, they could see the broad Pacific, sparkling dazzling. Thoughts came to them of Cabrillo, that daring explorer who braved the waters to explore our own Pacific coast. What a change has taken place! What would he have thought, had he foreseen the California of modern times? Romance!

"Please tell me what you are thinking about," she said, after long silence. "Is it about me?"

"Yes, about you," but his mind was in far away countries. He was in Spain.

Finally he realized he was not in Spain. But he was with her! "Spain is so far away," he mused, "let us make believe we are there."

"But why make believe, when we have only to go to the San Clemente Social club the twenty-eighth, and be in a true Spanish atmosphere; be in Spain in spirit, if not in person?"

"Well, that's an item! We'll go."

Smiles

She: "What's that stuff on your new car?"
He: "That's only traffic jam."

He: "What kind of shoes would go best with these socks?"
She: "Hip boots."

She: "You will positively keep this secret."
He: "I'll tell the world!"

He: "Ah! Senorita! Tonight I shall steal beneath your window and sing you a sweet serenade."

She: "Do, and I'll throw you a flower."

He: "In a moment of mad passion?"

She: "No, in a flower pot."

Proctor: "By the way, doctor how is Mr. Brown getting along?"

Doctor: "I'm afraid he is losing his mind; today he wanted to pay me in advance."

Another Question

"Several banks have suspended on account of frozen assets."
"Don't they heat those banks?"

Favored by Nature

His wife: "How do you like my permanent wave? It cost me only \$8."

Mr. Baldwin: "Years ago nature gave me a permanent haircut and it never cost me a cent."

Not Interested

"A hen has been known to live twenty years."
"I don't care for those boarding house statistics."

Jane: "Say, the jokes you handed in were terrible."

Jane: "I don't know, I just threw a lot of the rejected ones into the stove and the fire just roared."

A Scotchman took his wife out to dinner and they went to a small restaurant. Sandy ordered a sandwich and they divided it between them. The manager noticed that lady was not eating so he asked what was the matter.

She replied, "Nothing's the matter. I'm just waiting for Sandy to get through with his false teeth."

Have you ever heard about the freshman who wanted to know what sort of things were grown in a beer garden.

EXCHANGES

Modesto Collegian is sending the Collegian editor and another member of the staff, to the California Press Association, at the Sacramento junior college on March 22.

Students of Occidental college have started a \$15,000 swimming pool campaign. The pool is to cost \$45,000 of which the student body has pledged \$15,000. They hope to raise \$1,000 a day as the campaign is to run only two weeks.

The dean of Glendale junior college served brown bread and baked beans to the executive board at a recent meeting. As a result the board voted to continue the refreshments at every meeting.

Santa Monica jaycee has planned to hold dances every Thursday during noon period. The admission is free and a penny a dance will be charged. The money from these dances will be put in the student body treasury.

Members of the Los Angeles junior college men's glee club entertained Long Beach jaycee last Tuesday. This glee club is considered the best in Southern California.
